// Motivation

ID4Africa was motivated by the need to promote legal identity for all in Africa (consistent with [Sustainable Development Goal 16.9](#)) and to empower individuals to claim their rights and to benefit from the fruits of development.

demonstrated the strength and sustainability of the Movement, and in 2017 a bigger, better and more pertinent than ever event was held in Namibia. The 4th Annual Meeting in Abuja, Nigeria from April 24-26, 2018 broke all previous records. We look forward to our 5th Annual Meeting in Johannesburg, South Africa June 18-20, 2019.
